Last night at the Fourth street M. E. church the members of the Epworth League of that church handsomely entertained the Epworth League of Chapline street church. After a general reception, a pleasing programme of musical and literary selections followed. The evening was greatly enjoyed by the members of both brotherhoods, and the league that had the good fortune to be present.

In an evening paper yesterday, "Delegate" attempts to answer a publication that appeared in the Intelligencer Monday morning regarding the "dark lantern" meeting of the Ohio Valley Trades Assembly. He states "without fear of contradiction" that no reporters were excluded. If "Delegate" will consult with the doorkeeper of the assembly he will learn that two reporters were excluded.

An Important Difference.

To make it appear to thousands, who think themselves ill, that they are not afflicted with any disease, but that the system simply needs cleansing, is to bring comfort home to their hearts, is a positive condition in early cured by using Syrup of Figs. A MATTER OF BREAD.

Recent Advances in Wheat will Not Affect

THE PRICE OF BREAD LOCALLY.

The Usual Number of Bread Tickets Can be Had for a Quarter—The Wheeling Flour Mill is now in operation. The flour is going up steadily, until it has reached the \$5 per barrel mark, and the end is not yet.

The repeated advances in the price of wheat have been the topic of conversation in local business circles for the past week or two, and much speculation as to where it will stop is going on. As a natural result of the advance in wheat flour is going up steadily, until it has reached the \$5 per barrel mark, and the end is not yet.

An Intelligencer reporter interviewed a gentleman yesterday, who stands at the head of the flour and baking business in Wheeling, and according to his belief, the failure of the foreign wheat crop will not be disastrous to the community in any respect, but will rather be a blessing in disguise. His explanation is an interesting and sensible one. He first explained the cause of the increase in the price of wheat, which was through a failure of the crops in India, Argentina and Russia. These countries have this year not more than one-half of their average crop, if it reaches that.

The European crop looks at least thirty per cent of being what it generally is, and consequently there is a drain on the American product. Fortunately the crop in the United States is as good, if not a little better than for several years past, and besides meeting the demand for foreign exportations, the home market can be taken care of all right.

The gentleman said, "I look for an immense amount of wheat to be exported within the next five months. Millions and millions of bushels will be taken to foreign shores; the result will be that for our golden grain, the people of the countries across the sea will give up their gold, and our government treasury will be well filled with the yellow metal. I anticipate the importation of at least 60 million dollars in gold, from the export of wheat alone."

As to what effect the price of wheat would have on bread, the gentleman answered: "The wheat advance started at sixty-seven cents and has now reached ninety cents per bushel. We look for Toledo wheat to go up to about \$1. It requires five bushels of wheat to make a barrel of flour, the increase in the price of wheat has been sufficient already to raise flour from \$3.50 to \$5 per barrel, and if wheat goes to \$1 per bushel, you can look for flour to be quoted at \$5.50 per barrel. The advance in flour, means an advance in the price of bread, but not to any great degree or in a way that the effect will be felt severely by the consumer, but still there has been an advance in the price of bread already and unless flour goes beyond \$5.50 or \$6 per barrel, no further advance in bread is contemplated; therefore, the housewife need not worry about her daily bread getting out of reach."

As will be seen by the above, no ill effects will result from the advance in the wheat market that is to be derived to be felt by the consumers of bread. On the other hand, the failure of the foreign crop will bring gold to the country to replace a depleted treasury. It will bring money to the western farmer, who has suffered from low prices caused by over production in the last few years.

ABOUT PEOPLE

Stranger in the City and Wheeling Folks Abroad.

J. B. Smkh. of Shirley, appears on the Starn's register.

Mr. Frank H. Blowers leaves to-day for Cameron on business.

J. W. Wilson and R. W. Kelly, are Parkersburgers in the city.

W. M. Dalby, of New Martinsville, was an arrival in the city last night.

Part of "My Dad, the Devil" company are putting up at the Windsor.

C. C. Showalter, superintendent of the reform school at Pruntytown, is in the city.

Miss Minnie Johnson and Miss Mary Boyd, two young ladies of Belleair, were in the city yesterday.

Miss Martha Thomas, of North Main street, who has been visiting friends in Moundsville, has returned home.

A. L. Binkley, of Pittsburgh, and John Dickey, of Boston, two gentlemen well known in Wheeling, are at the Windsor.

Mr. R. H. Brown, a prominent fruit grower of Hancock county, and a stalwart Republican, was registered at the McLeure last night.

George M. Bowers, W. N. Linck, E. W. Van Metre, of Martinsville, were West Virginians upon the McLeure's register yesterday.

Officer Edward Michaels, of the city police force, who has been off duty for several days by sickness, was back in the harness last night.

C. M. Matheny, of Sistersville, one of the active Republicans of Tyler county, was in the city yesterday to see his father off on a western trip.

Ed. Singer and Ambrose Swalley, of Noble county, Ohio, who have been in the city as guests of John Rutterbach, of the East End, returns home to-day.

Mr. C. H. Dowler, the produce merchant, of the South Side, and Mr. J. B. Garvin, of Leatherwood, left after midnight last night on the east-bound Baltimore & Ohio for the wilds of Randolph county. By the stock of ammunition they took along, they evidently expect a harvest of bear and deer to fall across their path.

EVERY season brings a new crop of cough remedies, but they cannot compete with that grand, old Dr. Bull's Cough Syrup.

THE superior excellence of the Wheeling Bakery's bread is acknowledged by all who use it. Sold at your grocers.

The New Way.

Some of the best physicians who have had their eyes examined and investigated Professor Sheff's new scientific method of examining the eyes and fitting glasses without use of drugs and making the patient blind for a week, or having them look at charts, etc., or in any way depend upon the patient, is wonderful and the only absolute correct way for examining the eyes for glasses. Professor Sheff can be consulted and will examine the eyes free at 1110 Main street.

A Never-die.

The "life-time" of Dr. Bull's Cough Syrup will never draw to a close.

When a mother once uses it, she continues its use right along; because, she found, for curing cough, cold, croup and whooping-cough Dr. Bull's Cough Syrup unequalled by any other similar medicine.

"I have used Dr. Bull's Cough Syrup, for ten or fifteen years in the family, for coughs and throat troubles caused by colds, and have found no superior article." Mrs. D. T. Clarke, 163 Congress St., Cleveland, O. Dr. Bull's Cough Syrup can be had everywhere for 25 cents. Dealers will say they have something else "just as good or better," because they want to make more profit. Don't be "taken in." Dr. Bull's Cough Syrup is the best.

THE HUB CLOTHIERS AND FURNISHERS.

Demand is the Parent of Supply.

Not a day now but that calls are made for the heavier Coats, and to them all we answer—ready, with a stock of

WINTER • OVERCOATS

that outnumber the variety of previous seasons—that overreaches former goodness—that underquote former prices.

You Can Read the Book of Fashion

Clearer here than in twenty visits to twenty other stores—every sort of Coat that will be popular this season awaits your inspection—there are Covert Coats here—short ones, and medium and long—there are West of England Kerseys, Castor Beavers, Montagnacs, long short nap Chinchillas, Auburn Meltons, black and mixed Worsteds—a list of 'em as long as your arm—the making and trimming are of the highest order even the smallest detail—silk and satin and all the fineness have been lavishly used—it's a perfect stock of Overcoats.

BOYS' REEFERS AND OVERCOATS.

What others are neglectful of we are most careful with. The boys have got to have a winter weight of some style or other, and you'll find all styles here to take your choice from. Plain Overcoats, Cape Coats, Ulsters, Reefers and Novelties galore—for all ages from the littlest to the biggest—from the cheapest that's good to the very best—only complete stock.
